(Class VII, VIII, IX pass-outs)

To

Sub: Invitation to attend Motivational Camp in Chemistry and Prize Giving Ceremony for UTSE-2018 at Uranium Centre, Friends Colony, Cuttack-1

Class VII pass-out: 25th March 2018(Sunday)
Class VIII pass-out: 1st April 2018(Sunday)
Class IX pass-out : 14th April 2018(Saturday)

CONGRATULATIONS DEAR

I am glad to inform you that you have been placed in the top 30 candidates of state level UTSE-2018 held on 4.2.2018 for ___Class with rank _____. Therefore you are invited to attend Motivational Camp cum prize giving ceremony at Uranium Centre, Friends Colony, Cuttack-1 on the above mentioned dates.

Joining the motivational camp is not compulsory. You can directly reach at 4.30 pm for the Prize ceremony in case you do not attend the motivational camp.

Joining Prize Ceremony is also not compulsory. Also, if you miss the prize giving ceremony, your trophy/medals and certificates can be received from our office or can be sent to you (whichever is convenient) in a later date.

Trophies/medals and special certificates upto ranks(upto 30) will be awarded in this ceremony amidst guests, participants and parents.

Motivational Camp:

Dr. S. S. Tripathy, President, UTSE Board will present the motivation lecture in Chemistry followed by the interactive session. In the interactive session, the students will be allowed to ask conceptual questions from Chemistry. First the answers will be sought from the fellow participants and if none answers satisfactorily, these will be answered by the instructor(SS Tripathy). The top 3 participants performing the best interaction will be given special prizes and medals.

Top 50 candidates are invited to attend the motivational camp and take part in the interaction and can be eligible for special prizes, if interact well.

Theme Topic of the Motivational Camp:

VII: Language of Chemistry and Chemical Reactions; Preliminary Logic building

VIII: Language of Chemistry : Systematic study on both Redox and Non-redox(metathesis) reactions; Logic building and strategising inorganic reactions

IX: Language of Chemistry: Study on Electrochemical aspects of Redox reactions in addition to Logic building and Strategising all types of inorganic reactions.

Those who will be attending the camp can make advance study on the topic for better interaction. For that you can revise your chemistry book(particularly of ICSE syllabus) and also "E-Concept of Chemistry" by Dr. S. S. Tripathy in the website **www.theuranium.org** : PUBLICATION/E-publication section

Advance study is not compulsory.

Parents or guardians can leave their wards at our centre by 10 AM on the respective days and can attend other work at Cuttack. They are required to come back again at 4.30PM for the Prize Ceremony to final take back their wards by 5.30 or latest by 6.00 pm. Those wanting to wait here at our centre throughout will be allowed to do so.

Contributory Lunch & Snacks: Rs. 150/- per person is to kindly deposited during registration time those who wish to take lunch at our centre. Afternoon snacks will be also be provided to the participants and the accompanying guardians with this contribution.

Time Table:

Registration : 9.00 - 10.00 AM:
Lecture-I : 10.30 AM to 1.30 AM LUNCH : 1.30 PM to 2.30PM
Interactive Session: 2.30 - 4.00 PM
Prize Giving Ceremony: 4.30 PM - 6.00 PM

Looking forward to your participation in the events

With all best wishes
sincerely yours

(S.S. Tripathy)

Location of Uranium Centre:

Just after crossing Bajrakabati bridge(POLA) while coming from Badambadi side, turn to the LEFT and proceed beside the Taladanda Canal. After about 150 m you will come across a SHIVA temple. Turn immediately to the right of the temple. This road is called Friends Colony main road. There are many left and right sided sublanes connecting this main road. The Uranium centre falls in the **3rd right side sublane** from Shiv temple. The three storey building in that lane is the Uranium Centre. Enough sign boards are there to identify the location easily. The lane is adjacent to **SWETA Hospital**.
